

DRUSHTI SHREE

Sedam, Gulbarga, Karnataka | +91 96202 19095 | drushtishree1@gmail.com

EDUCATION

Ghousia College of Engineering

Sep 2023 – Jul 2027

B.E. in Computer Science & Engineering | Sedam, Karnataka

TECHNICAL SKILLS

Languages: Python, C, HTML, CSS, JavaScript

Web & Frameworks: Responsive Web Design, Bootstrap, basic React

AI / Data: Artificial Intelligence fundamentals, Data Analytics, Excel, Tableau (basic)

Tools & Concepts: Git, VS Code, OOP, DBMS, Operating Systems, Design Thinking

PROJECTS

AI-Powered Attendance System

2024

- Built a web-based attendance management system using AI/facial recognition to automate student attendance tracking, eliminating manual entry.
- Developed a responsive front-end interface with real-time attendance status display and admin dashboard for report generation.
- Integrated AI model to detect and identify faces from a live webcam feed, achieving reliable recognition under varied lighting conditions.

Voice Chatbot

2024

- Designed and implemented a voice-enabled chatbot using Python, integrating speech-to-text and text-to-speech APIs for hands-free interaction.
- Built an NLP pipeline to parse user intent from voice input and generate contextually relevant responses in real time.
- Deployed a lightweight web interface allowing users to interact with the bot via browser microphone, improving accessibility.

CERTIFICATIONS & TRAINING

Deloitte Australia – Data Analytics Job Simulation

Forage | 2024

- Completed hands-on simulation covering data analysis, forensic technology, and client-facing data presentation.
- Analyzed datasets using Excel and Tableau-style tools; produced structured analytical reports.

Enterprise Design Thinking Practitioner

IBM | 2024

- Certified in IBM's Design Thinking framework; applied user-centric problem-solving methods to tech scenarios.

EXTRACURRICULAR & LEADERSHIP

- Active participant in college technical fests and coding competitions, demonstrating initiative and teamwork.
- Engaged in peer study groups for Data Structures, DBMS, and AI coursework, supporting collaborative learning.
- Completed competitive intelligence research exercises as part of coursework, analyzing market trends and tech ecosystems.
